Freeline Slim 140 main dimensions

General Technical Characteristics

Product name	Freeline Slim 140
Product code	IRF140RGABB11211AA
Model	FL 140 Slim
Dimensions (h x w x d)	1452 x 418 x 490 mm
Total Volume	141 liters gross 135 liters net
Fridge volume net	118 liters
Freezer volume net	17 liters
Freezer class 1)	Two star
Weight net	38 kg
Rated input power (DC)	450 W
Input voltage DC	12V / 24V
Power consumption 2)	450 Wh/24h
Compressor Type	Secop BD80CN

Refrigerant gas type/GWP	R290 / 3
Temperature control	Electronic thermostat
Door type hinge 3)	Right
Control panel	LED type
CI bus	Yes
Climate Class	ST (Sub Tropical)
Certificates	R10
Color	black
EAN code	8056590822135
Width with packaging	470 mm
Depth with packaging	570 mm
Height with packaging	1485 mm
Weight incl. packaging	41,5 kg

1) up to 3 stars depending on conditions and use of „Smart Tray“ function

2) power consumption in operation in 12 V with + 5 °C in the refrigeration space, ambient temperature + 25 °C (ISO 15502:2005 and EN 153:2006).

3) door can be easily changed from right to left
